To: Alaiedon Twp Property Owners

As you may be aware, Delhi Township Fire Department has had a formal agreement with Alaiedon Township since 1997 to provide fire protection services. Due to the lack of an effective response time to certain areas of Alaiedon, Delhi Township and Meridian Township negotiated a contract to allow Meridian Township Fire Department to respond to those areas. As a result, since June 1, 2013, Delhi Township Fire Department has a formal automatic aid agreement with Meridian Township Fire Department to provide fire protection services on all areas north of and including Sandhill Road in Alaiedon Township.

This agreement provides for Meridian Township Fire Department to be dispatched automatically on all fire calls in that area, with Delhi supporting the call if support is needed.

At the present time, an updated fire insurance rating is being calculated by the Insurance Services Office and a new rating may be placed on the properties in the affected areas as a result of the shortened response time.
